

Promote Flu Vaccinations at Your Pharmacy with “I Got My Flu Shot” Stickers

Spread the word—not the flu

Similar to the “I Voted” stickers people proudly wear on Election Day, “I Got My Flu Shot” stickers communicate a message of one’s commitment to personal health and community safety. Flu vaccination prevented 6.6 million illnesses and 79,260 hospitalizations, according to the CDC.

Help promote flu vaccinations in your community with these handy stickers.

- » Promote Flu Vaccination with a Visible Reminder
- » Help Your Customers Take Pride in Their Health Decisions
- » Custom Labels to Promote Your Business
