STOCK PHARMEXCRIPT® LASER SHEETS

PHARMACY FORMS & LABELING SOLUTIONS

PharmeXcript® Stock Laser Sheets with FlickAway®

Our PharmeXcript® laser script set with patented FlickAway® technology is one of the most efficient products ever produced for the Pharmacy industry. This innovative design combines the vial label and warning labels into one easy to peel off label, allowing for quick label application and a professional package. The attached warning labels are perforated in a way that allows those labels that are not needed to be quickly “flicked away.” This helps the pharmacist process each script more efficiently, saving both time and money. Plus, the attached laser sheet keeps important information together -- including receipts, warnings and drug interaction alerts -- all on one easy-to-use form.

All of our PharmeXcript® Laser Sheets with FlickAway® are compatible with, and approved for, most software and printers including:

- McKesson (Per-Sé® Technologies, Renlar, Condor, Zadall, etc.)
- SpeedScript®
- Computer Rx
- Micromerchant
- OPUS
- QS/1®
- Etreby Rx30
- HBS
- PDX
- Lexmark™, HP and Kyocera

CUSTOM PHARMEXCRIPT® LASER SHEETS

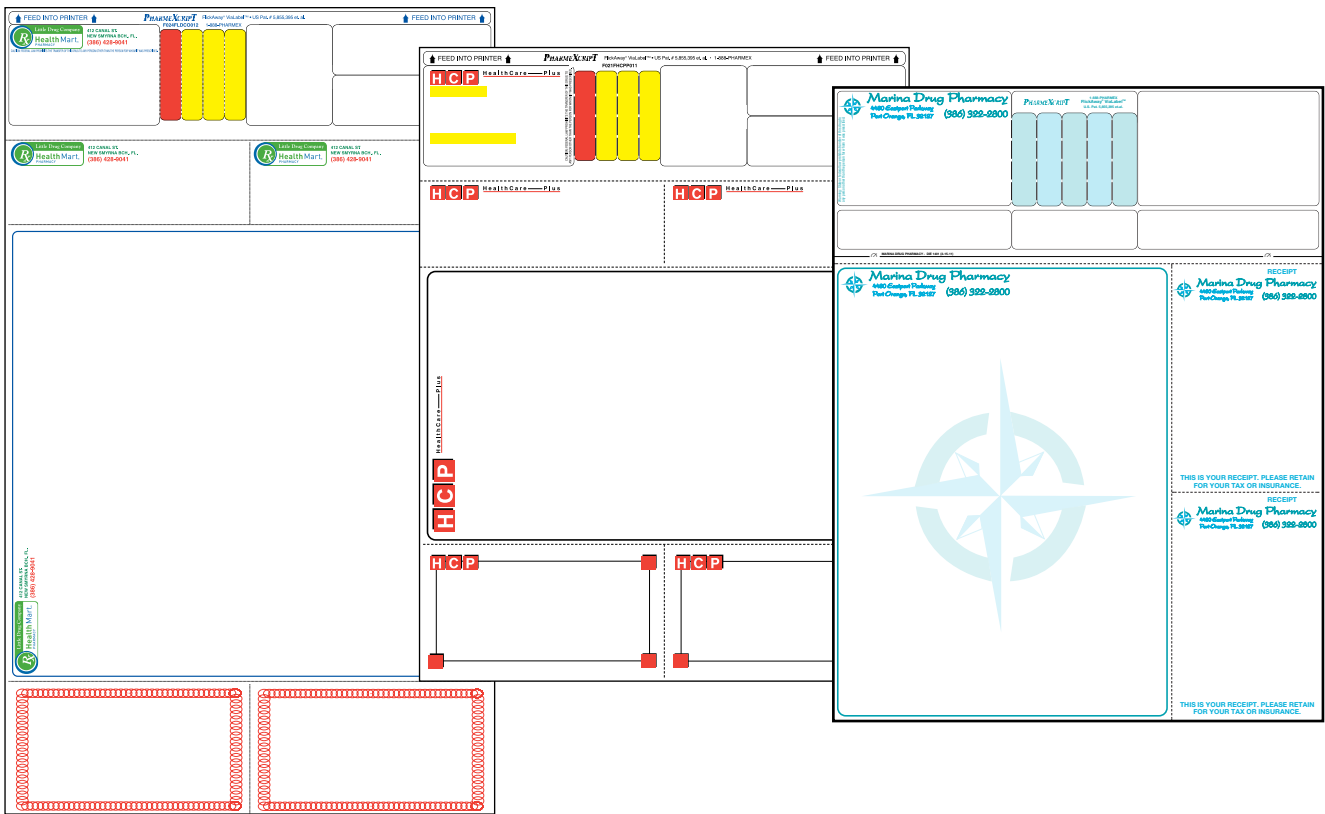

PHARMACY FORMS & LABELING SOLUTIONS

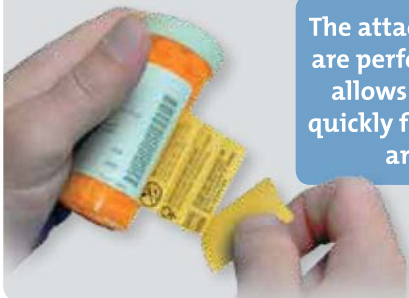

PharmeXcript® Custom Laser Sheets with FlickAway®

Using the same patented FlickAway® technology as in our stock forms, your custom laser sheet will feature the innovative design that combines the vial label and warning labels into one easy to peel off label. Connected to that label area is a laser sheet that can be designed any way you wish... leaving spaces for drug interaction alerts, payment and tax receipts, self-promotional material, coupons, or anything you decide will improve your business. And on each section of each form, your personalized information appears as a reminder to your customer.

Choose one of our stock forms as a base, or let us design a form specifically for you. Our professional art department will incorporate your logo and develop a layout to accommodate your software requirements. Use our standard ink colors, or specify a PMS match. No matter which choices you make, we will strive to produce a final product that exceeds your expectations.

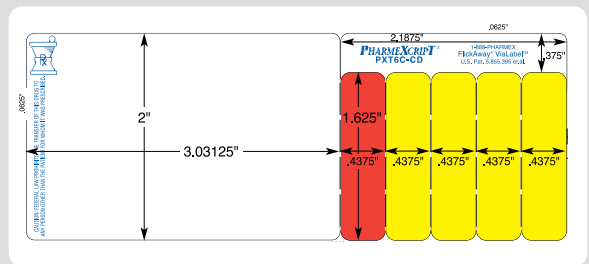

FLICKAWAY® FEATURE:

The attached warning labels are perforated in a way that allows the pharmacist to quickly flick away labels that are not needed.

STANDARD POSITION FOR FLICKAWAY®

CUSTOM PHARMEXCRIPT® LASER SHEETS

PHARMACY FORMS & LABELING SOLUTIONS

Your laser sheets can be ordered in up to five ink colors. Send press-ready artwork files, specifying PMS ink colors, and we'll print your logo to your satisfaction. Or let our art department recreate your logo and typeface, suggest graphics and color choices, and design an eye-catching form for you!

We stock numerous templates that correspond to the most popular Pharmacy Software Systems. If you'd like to have something different, one of our representatives will work with you to create a custom layout to your particular specifications.

Custom Pharmacy Laser Sheets

These Custom Pharmacy Laser Sheets are still one of the best ways to ensure your patient receives all of their materials upon leaving your pharmacy. Our standard Pharmacy Laser Sheets offer the same vial label/warning label material top bonded to a perforated laser paper bottom, keeping all pertinent information -- prescription, warnings, payment receipt, tax receipt, drug interaction alerts and more -- on one easy-to-use form. Easy for you. Easy for your customer.

All of our Stock and Custom Laser Sheets are compatible with, and approved for, most software and printers including Per-Sé® Technologies (Renlar, Condor, Zadall, etc.), QS/1®, SpeedScript®, Etreby, McKesson, Rx30, Lexmark™, HP and Kyocera.

Like any of our Custom Laser Sheets, these forms can be ordered in up to five ink colors, with or without back printing, and designed to accommodate your software program. Start with one of our stock forms, or have our art department design a template specifically for you. Leave space on the attached laser paper for receipts, coupons, special offers and more . . . you decide the applications that would best serve your needs.

If the form you are currently using does not exactly meet your needs, or you have one belonging to another pharmacy that particularly appeals to you, send it along with your order and we will design your Custom Laser Sheet using all the details you like, and removing any you don't. We will work with you to ensure your satisfaction.

The image displays several examples of custom pharmacy laser sheets. Each sheet is designed with a specific pharmacy's branding and layout. The examples include:

- Franck's Pharmacy:** Features the pharmacy's name and phone number at the top, with a large area for a prescription and a section for patient information.
- Wilson-Sherran:** Includes the pharmacy's logo and name, with a section for a prescription and a section for patient information.
- Kirkwood's Drugs:** Features the pharmacy's logo and name, with a section for a prescription and a section for patient information. It also includes a "RECEIPT" section with fields for "Amount", "Copy", "Ins. Pays", "NET", and "Signature".
- Physicians Network:** Includes the pharmacy's logo and name, with a section for a prescription and a section for patient information. It also includes a "Patient Receipt" and "Cashier Receipt" section.

One of the laser sheets features a list of services:

- PAY YOUR PHONE BILL
- BUY POSTAGE STAMPS
- BUY MONEY ORDERS
- PUBLIC FAX SERVICE

"Fast, Friendly Service"

- PHARMACEUTICAL CARE SPECIALISTS
 - Have Your Blood Pressure Checked

DOD & VA PHARMACY LABELING SOLUTIONS

PHARMACY FORMS & LABELING SOLUTIONS

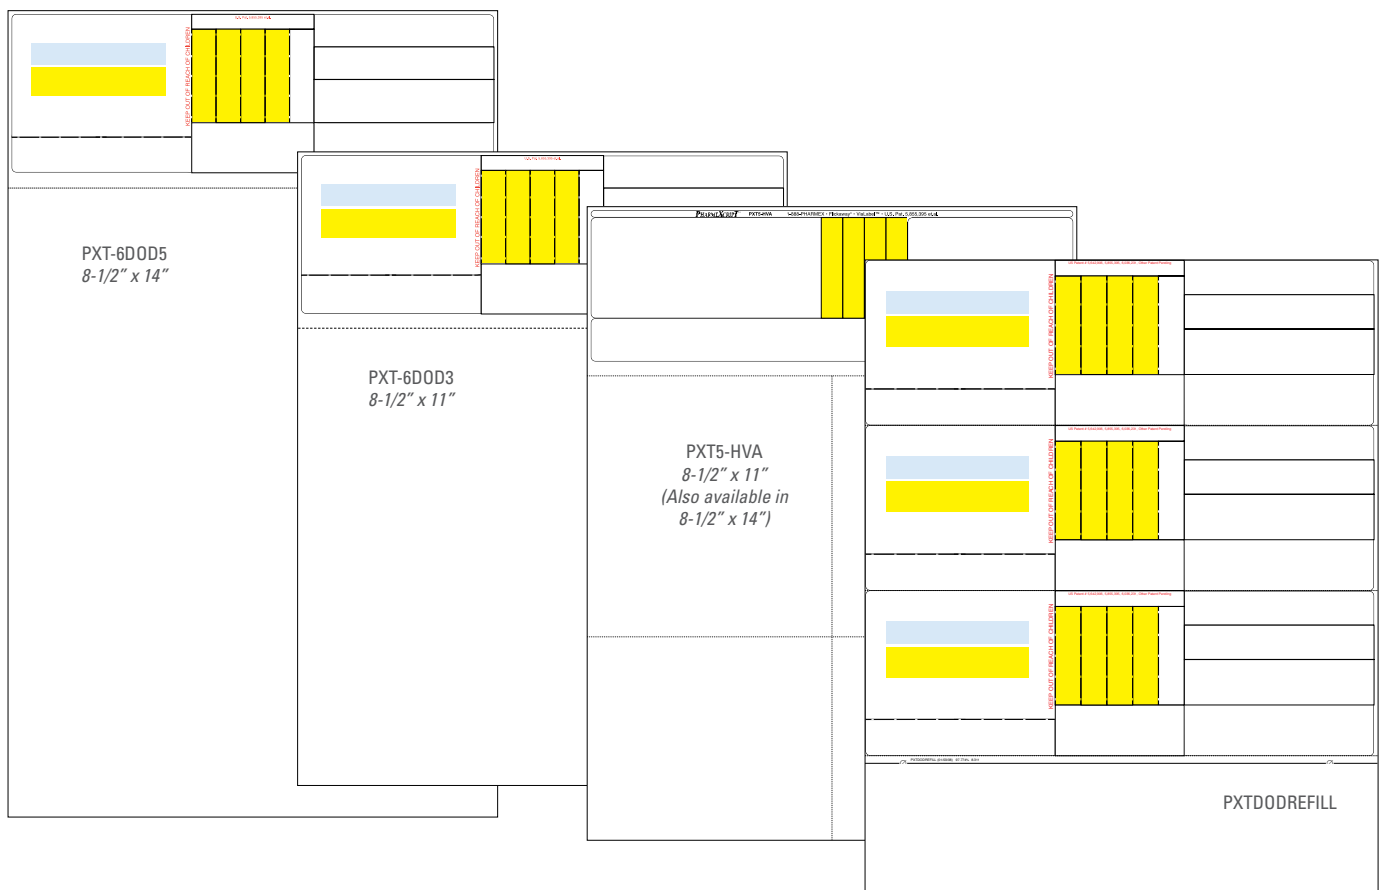

PharmeXcript® Forms for the Department of Defense and Veterans Administration

Developed for the Department of Defense and the Veterans Administration, and currently being used by over 200 Military Treatment Facilities, these PharmeXcript® Forms feature the patented FlickAway® Technology. This allows the pharmacist to peel off the vial label and warning labels at one time, easily “flicking away” those warning labels that are not needed.

These DOD Approved DAPA stock forms are available ONLY through Pharmex®. Please call your Sales Representative to ask about your specific DAPA pricing.

Any of these forms can be customized with your information and logo. Many of our Military clients include back printing, using that opportunity to remind patients how to read their prescription labels, or offering contact phone numbers and hours of operation.

DOD Direct Thermal Labels

Also developed for the Department of Defense, our DOD Thermal labels feature the same FlickAway® Technology available on our PharmeXcripT® forms. And, as is the case with our laser forms, these thermals can be customized to your specifications.

In addition to our other labels, Pharmex® offers Department of Defense thermals for Robotic Dispensing Machines. Also DAPA approved, these labels are available plain or customized. Just ask your Customer Service Representative.

Knowing you will receive the same quality you've come to expect from Pharmex®, you can be assured of our consistent adherence to government-contracted specifications.

See page 17 for DOD Compatible Font Media Hardware for your warning label needs.

PHARMACY WARNING LABELS

For more than six decades, Pharmex® Warning Labels have been the industry standard for communicating important prescription instructions and warnings. Pharmex® Warning Labels help ensure quality patient care and fewer medication errors. Our graphics library of warning labels is available in English, Spanish, and French, and is constantly refreshed with new directions and warnings for new medications.

For on demand prescription warning labels, Pharmex® offers **SoftFonts® Warning Label Graphics Library** which integrates seamlessly with existing pharmacy management systems, and include the icons, text, and bar codes you need to create prescription warning labels. SoftFonts® accurately associates the appropriate warning label to each drug dispensed using both

Medi-Span (Wolter Kluwer Health) and First DataBank drug databases. It also gives you the ability to bar code patient information for additional HIPAA privacy protection. Available in hard media, soft media, and custom e-Files (PCX, PNG, JPEG, BMAP, and others).

SoftFonts® 7.0 Rx Warning Label Graphics Library

Generate prescription warning labels on demand with our comprehensive Rx graphics library that integrates seamlessly with most pharmacy management systems. Pharmex® works directly with First Databank and Medi-Span (Wolters Klower Health) to offer the most comprehensive and up-to-date warning labels available and to ensure complete accuracy and essential compliance.

- Includes the icons, text, and bar codes you need to create prescription warning labels on demand using either laser or thermal printers
- Integrates seamlessly with existing pharmacy management systems—ask your pharmacy software provider if they offer Pharmex® SoftFonts®
- Helps eliminate prescription errors – Accurately associates the appropriate warning label to each drug dispensed
- Provides accurate and clear communication to patients informing them about the risks and possible side effects of their medications
- Regular label updates ensure compliance with current standards and in conjunction with Medi-Span and First DataBank’s drug databases
- Supports The Joint Commission’s 2011 National Patient Safety Goals for improving the safety of using medications by accurately and completely reconciling medications among the continuum of care
- Extended tri-lingual support (English, Spanish and French)
- Several graphic file formats: PCL (laser compatible); PCX (thermal compatible); JPEG (thermal compatible); TIF; and custom formats

Ordering Custom Labels is Easy!

1. Select a label size and Product ID from those shown here. Decide whether you need the label to be horizontal or vertical.
2. Choose an ink color from below.
3. Determine which label material type best fits your needs. Choose from options below.
4. Write copy for your label. Our graphics team will help choose the best type style for your application, and will forward a proof for your approval.
5. Call 888-PHARMEX with your selections and a representative will help you complete your order.

Have a logo you'd like to use on your label? Maybe you'd like to use two ink colors. We will be more than happy to accommodate your needs. Just call with your request, and we will provide a quote based on your specifications.

TERMS & CONDITIONS OF SALE

PHARMEX® BY PRECISION DYNAMICS CORPORATION

PRICE AND PAYMENT TERMS

Payment terms are net 30 days from date of invoice. Credit approval is required for payment terms. Updated credit information may be required as part of the credit approval process. State and local taxes, if any, will be invoiced without proper resale documentation on file. Credit Card orders are accepted: American Express, Mastercard, and Visa; checks upon verification are accepted as well. All prices are in U.S. dollars. Foreign import duties and exchange rates, if any, are additional.

Minimum Order

- Pharmacy: \$50.00. Below minimum there is a \$15.00 service charge

Freight

- All shipments are F.O.B Origin
- Carrier's fuel surcharges (if any) will be added to invoice.
- Same day shipments will be assessed a \$150.00 rush fee on the same day they are placed.

Custom Orders

- Custom product may not be returned
- Customer assumes sole responsibility for accuracy and use of artwork and indemnifies PDC in the event of any claims for copyright infringement. By signing/approving any artwork, customer certifies that they are legally authorized to use such logos, trade names, or trademarks.
- PDC has the capability to produce custom labels to your specifications. Call your local PDC sales representative or Customer Care for additional information and assistance at 888-742-7639. Allow 15 working days for new custom orders and 10 working days for repeats.
 - Due to manufacturing fluctuations on custom labels, we reserve the right to ship +/- 10% of the quantity ordered. Invoices will be adjusted to reflect the actual quantity shipped.
 - Upon cancellation of a custom order, once a purchase order has been issued, the customer will be responsible for all production charges accrued through the date of notification of cancellation. PDC assumes no responsibility for custom label orders on which the customer has made an error in quantity or label specifications.

Returns Policy

- PDC will allow returns under the following conditions:
 - When the customer orders a 'stock product' in error and the product is not older than 30 days from the date of invoice. Original packaging may be required. (Excludes pre-established contracts between PDC and Group Purchasing Organizations.)
 - Return freight is the responsibility of the customer.
 - A 30% restocking fee will be assessed for all products.
 - Customer will receive credit for original order, excluding any freight charges upon receipt of returned product in excellent condition.
 - When a PDC error or product defect occurs, if reported to PDC within 30 days from the date of invoice, full credit, including freight, will be issued. (Excludes pre-established contracts between PDC and Group Purchasing Organizations.)
- All returns for credit require a written Return Merchandise Authorization (RMA) number from PDC. No returns will be accepted without a RMA number. The RMA number must have supporting paperwork indicating original purchase order number, PDC work order number, date of original order, etc.
- If a return is submitted without an RMA number, product will be refused and sent back to the customer at customer's expense. Custom printed or serialized product is not returnable. Merchandise must be returned in full boxes, original packaging and in good condition. Authorized returns must be received by PDC within 10 working days from the date of RMA issuance.
 - Please contact Customer Care at 888-742-7639.
- If there is any loss or damage at the time of delivery, it is essential to note it on the delivery receipt. Any concealed damage should be reported to the delivering carrier within 15 days. Keeping the entire package is necessary until after the carrier issues a concealed damage inspection report.

Shelf Life

The shelf life of all *Label & Tape Products* is: One year from date of invoice when stored in optimal conditions of temperature not to exceed 75 degrees Fahrenheit and relative humidity of 40% to 50%. If optimal storage conditions are not used, the performance of our products can degrade much sooner. Even when stored under optimal conditions, the performance of our products cannot be presumed to be satisfactory beyond one year.

Warranty

Products sold are of merchantable quality at the time they are delivered, and are manufactured in conformance with supplier's specifications, drawings, or other descriptions; and that supplier conveys good and marketable title to them, subject to supplier's security interest.

PDC warrants against defects in material, workmanship, design, and manufacturing. Supplier further represents and warrants that the products will conform to the specifications, drawing, and samples furnished by PDC and will be safe for their intended use. If any products are defective and a claim is made, PDC will replace the defective products. PDC will bear all costs of returning and replacing the defective products.

To the maximum extent permitted by applicable law, PDC disclaims all other warranties, expressed or implied, including but not limited to implied warranties of title, non-infringement, merchantability, and fitness for a particular purpose with respect to the products.

PDC makes no other warranties other than those expressly provided for herein. In no event shall PDC be liable for an incidental, special, consequential, or punitive damages related to the wristbands, labels or tape and component parts used with its products.
