Why Security Matters

healthcare leads all other industries in workplace violence‡

5×

Healthcare & social workers are 5 times more likely to be victims of a non-fatal assault or violent act§

11.1% assault rate
per 100 hospital beds in 2013§§

60%
of workplace non-fatal assaults occur in healthcare†

healthcare facility crime is on the rise!

25%
increase from 2012-2013§§

37%
increase from 2010-2012*

1 in 3 nurses are subjected to assault at least once per month

11,370
victims of violence in 2010 among healthcare & social workers‡

98%
of healthcare facilities experience violence and criminal incidents*

regulatory compliance
including Joint Commission, OSHA, HIPAA, etc.

peace of mind
for patients and staff when assured your visitor protocol is followed for their safety

protects from theft (medication, equipment, & patient data are often targeted by criminals)
