

April 2, 2008

Dear Customer:

Thank you for your inquiry concerning the presence or absence of "latex" in/on our Identification Bracelets.

Precision Dynamics understands the importance of this information for latex sensitive individuals.

There is no indication of natural rubber latex present based on information contained on the Material Safety Data Sheet (MSDS) from raw material suppliers for the components used to manufacture the product, and/or based on the findings from the spectrographic analysis of finished bracelets.

If you have any questions, feel free to contact me at (800) 847-0670, ext. 1111.

Sincerely,

A handwritten signature in black ink that reads "Robert Holmes". The signature is written in a cursive, flowing style.

Robert Holmes
Director, Global RA/QA
