PATIENT IDENTIFICATION THERMAL SOLUTIONS

Designed for Healthcare,
to work as hard as you do.

Improve the Accuracy of Patient Identification

Wrong-patient errors occur in nearly all stages of treatment and preventable medical errors are the 3rd leading cause of death in the US.[1]

Every patient, procedure, and provider rely upon effective identification. That's why PDC is passionate about developing leading patient ID solutions that help providers reduce errors, improve workflow, and comply with The Joint Commission.

Why choose a thermal printing solution?

- Eliminate the need for toner or ink, which can be costly at high printing volumes
- Get crisper, longer lasting print performance to ensure readability and barcode scanability throughout a patient's stay
- Minimize the waste associated with laser printing half or partial sheets of wristbands
- Integrate printers with your admissions software to quickly print bands on demand

A Full Patient ID Thermal Solution

Designed for Healthcare by the Patient ID Experts

PDC Patient ID Solutions allow providers to accurately match each patient to the correct medical record, medications, specimens, and procedures at every stage of care with a single solution that includes wristbands, labels, and printers.

- Seamless EMR integration with Epic, Cerner, MediTech, and more
- Mix and match thermal printers, wristbands, and labels offer you more choices
- Reliable performance validated by thousands of hours of testing to meet the 24/7 demands of Healthcare
- Industry's most competitive printer warranties at up to 3 years
- Product guarantees to ensure 100% customer satisfaction

Patient ID Solutions That Work as Hard as You Do

+ Direct Thermal Printers
+ Patient ID Wristbands
+ Medical Labels for Pharmacy & Lab

Certis™ Desktop Thermal Printers

High Performance & Reliability

Enhance patient safety and clinical workflow.

PDC Certis™ Desktop Thermal Printers offer easy integration, simple implementation, and are best equipped for your full identification printing needs.

Certis™ B2

APPLICATIONS
Patient ID Wristbands, Chart Labels, Specimen Labels

FEATURES
Easy to use, high capacity, industry-leading 3-year warranty

Certis™ B4

APPLICATIONS
Mother/Baby Patient ID Wristbands, Chart Labels, Laboratory Labels, Pharmacy Labels, Specimen Labels

FEATURES
Versatile, fast printing in a compact form, designed to provide the right fit for your Healthcare label printing application

Portico™ Mobile Thermal Printers

Advanced Point-of-Care Identification

PDC Portico™ Mobile Thermal Printers provide point-of-care print-on-demand solutions in all environments. They can be used in a variety of departments and locations to ensure round-the-clock printing in an instant, including industry-leading PDC labels and wristband solutions.

Portico™ M2

APPLICATIONS
Patient ID Wristbands, Chart Labels, Specimen Labels

FEATURES
Compact, cart-mountable, wireless, Lithium Ion battery-operated

Portico™ M4

APPLICATIONS
Patient ID Wristbands, Chart Labels, Medication ID Labels, Specimen Labels

FEATURES
Robust, cart-mountable, wireless, Lithium Ion battery-operated

Certis™ B2
High Performance & Capacity

Save time with high performance, high-capacity printer that **holds 50% more wristbands** than cartridge thermal printers; print and scan with confidence — from admission to discharge

Versatile applications: patient ID wristbands, chart labels, medication labels, and more

Easy loading and open compatibility prevents jams

Compatible with leading EMRs including Epic, Cerner, Meditech, and others

SPECIFICATIONS	CERTIS™ B2-20	CERTIS™ B2-30
Part Number	PD-B2-20EA1000	PD-B2-30EA1000
Printing Method	Direct Thermal	
Print Resolution	203 dpi	300 dpi
Print Speed	5 ips	4 ips
Media Width	0.59" ~ 2.05"	
Media Capacity	6.5" outer diameter	
Connectivity	Ethernet and USB	
Warranty	3 years, plus 1 year overnight replacement included	

Certis™ B4

Versatile & Dependable

Reliable and robust printer backed by an industry-leading 3-year warranty

Supports a variety of healthcare print applications including Mother/Baby wristbands, chart labels, medication labels, and more

Compact, easy media loading design

Compatible with leading EMRs including Epic, Cerner, Meditech, and others

SPECIFICATIONS	CERTIS™ B4-20	CERTIS™ B4-30
Part Number	PD-B4-20EA1000 (Standard) or PD-B4-20WA1000 (Wireless)	PD-B4-30EA1000 (Standard) or PD-B4-30WA1000 (Wireless)
Printing Method	Direct Thermal	
Print Resolution	203 dpi	300 dpi
Print Speed	6 ips	4 ips
Media Width	0.7" ~ 4.5"	
Media Capacity	5.0" outer diameter	
Connectivity	Ethernet and USB, (Wi-Fi option)	
Warranty	3 years, plus 1 year overnight replacement included	

Portico™ M2

Quick & Compact

Portable design and fast print speeds allow easy mobile printing at point-of-care, enabling Healthcare providers to maximize clinical workflow efficiency and increase patient safety

Easy loading and implementation saves you time

Compatible with leading EMRs including Epic, Cerner, Meditech, and others for easy integration into all hospital environments

Available in Wi-Fi and Bluetooth models

Accessories available:

1 bay charger, 4 bay charger, case with shoulder strap, cart mount, media spacers, spare battery

SPECIFICATIONS	PORTICO™ M2
Part Number	PD-M2-20WA1000 (Wireless) or PD-M2-20BWA1000 (Bluetooth)
Printing Method	Direct Thermal
Print Resolution	203 dpi
Print Speed	4 ips
Media Width	Standard width: 2.28" User option with spacer: 2.0" and 1.0"
Media Capacity	2.0" outer diameter
Connectivity	USB, Wireless or Bluetooth
Battery	1620 mAh – Lithium Ion
Drop Rating	5 ft
Warranty	1 year

Portico™ M4
Robust & Reliable

Compact design that can withstand the rigors and pace of any clinical environment

Larger capacity for full wristband, chart label, and specimen label printing needs

Compatible with leading EMRs including Epic, Cerner, Meditech, and others for easy integration into all hospital environments

Available in Wi-Fi and Bluetooth models

Accessories available:

1 bay charger, 4 bay charger, case with shoulder strap, cart mount, media spacers, spare battery

SPECIFICATIONS	PORTICO™ M4
Part Number	PD-M4-20WA1000 (Wireless) or PD-M4-20BWA1000 (Bluetooth)
Printing Method	Direct Thermal
Print Resolution	203 dpi
Print Speed	4 ips
Media Width	2.0" ~ 4.4"
Media Capacity	2.65" outer diameter
Connectivity	USB, Wireless or Bluetooth
Battery	5800 mAh – Lithium Ion
Drop Rating	5 ft
Warranty	1 year

DIRECT THERMAL WRISTBANDS

Fast and cost-effective printing with crisp, accurate barcodes every time.

Help reduce waste and optimize efficiency with superior print performance and scanability.

ScanBand® DR
Safety That Lasts

Long-lasting, ultra-durable thermal wristband

Advanced material engineered to deliver superior print performance, barcode scanability, and reliability

Quick and easy printing and application

Economical and efficient

Secure, quick-tab adhesive closure

Certified for
**PDC Certis™
& Portico™**
printers

Ident-Alert®
Color-Coded Wraps

REDUCE PATIENT WRISTBANDS BY 50% WITH AN ALL-IN-ONE SOLUTION*

The average inpatient wears 3 wristbands which can interfere with IV access and cause discomfort. Ident-Alert Wraps consolidate multiple alerts onto one wristband.

Patent-pending wrap-around design and strong tamper-evident adhesive keeps alert securely in place

Compatible with all laser and thermal wristbands

Meets national standardization guidelines and are customizable

LABORATORY IDENTIFICATION SOLUTIONS

Safety. Efficiency. Compliance.

Increase patient safety and assure accuracy of identification at the point of care. Whether it's medication administration or specimen collection, PDC labels help hospitals utilize the latest barcode scanning and wireless mobility products for medical care. Labeling at the point of collection provides an immediate method of positive identification, increases accuracy of labeling specimens and containers, and can help reduce costs associated with re-testing. Compatible with all laboratory information systems to provide seamless integration and interoperability with Cerner, Meditech, Sunquest, and others.

Variety of laboratory labels compatible with all LIS

Full customization capabilities to meet all your laboratory needs

Medical grade materials to ensure quality and durability

Exclusive V-Notch™ Labels for quick, easy, and accurate identification of BD Vacutainer® Plus Plastic Tubes with a unique design to align with color-coded notch on tubes
Full offering of pre-printed communication labels and blood temperature indicators
